ABOUT ME

I'm Zubair, a UI/UX Designer and Frontend Website Developer with 3+ years of design experience and 1+ year in development. I specialize in creating clean, user-centered interfaces for websites, mobile apps, and dashboards, with skills in design systems, UX research, Tailwind CSS, React.js, and Next.js (learning). I've designed complete products including a Data Recovery app, Axion e-commerce website, and Synctom software house website, and I work directly with clients to present and justify design decisions.

EDUCATION

NATIONAL UNIVERSITY OF MODERN LANGUAGES

Bachelor in Computer Science

2022-2026

ISLAMABAD COLLEGE FOR BOYS, G-6/3

Intermediate in Computer Science

2019-2021

SKILL

- UI/UX Design & Design Systems
- Website & Mobile App Design
- UX Research & User-Centered Design
- Tailwind CSS & React.js Development
- Wireframing & Prototyping
- Client Communication & Presentation

WORK EXPERIENCE

Synctom - UI/UX Designer

JUNE 2025-PRESENT

I joined Synctom as a UI/UX Designer before starting my final year of university and will complete my degree in June 2026, by which time I will have over 1 year of professional experience designing and delivering high-quality digital products.

- Designed professional projects including Axion (e-commerce lighting website), Synctom (software house website), Reclaim (data recovery app), and HomeHeaven (real estate website).
- Created wireframes, prototypes, and design systems to ensure consistent and user-friendly interfaces.
- Developed user-centered websites and app interfaces with a focus on modern, responsive design.
- Collaborated directly with clients to present and justify design decisions, building trust and delivering effective solutions.
- Managed multiple projects simultaneously while maintaining quality and meeting deadlines.
